

# Garden Webinar Series

## Succulent Gardening for Beginners

Tuesday, April 28, 7:00 pm – 8:30 pm

Learn the basics of succulent plant care both indoors and outdoors. In this webinar you will learn the importance of using the right soil, how to propagate a succulent leaf to grow your own plant and how to keep them thriving.

Free, pre-registration is required at [pickering.ca/earthmonth](http://pickering.ca/earthmonth)

## Culinary Herbs: Growing, Harvesting & Preserving

Wednesday, May 6, 7:00 pm – 8:30 pm

In this unique webinar, you will be introduced to a variety of culinary herbs, the best growing conditions, proper methods of harvesting and how to use and preserve herbs.

Free, pre-registration is required at [pickering.ca/earthmonth](http://pickering.ca/earthmonth)

## Introduction to Vegetable Gardening

Tuesday, May 12, 7:00 pm – 8:30 pm

Whether you are growing vegetables for the first time or getting back into it, this webinar will cover 'why', 'where', and 'how' to grow your own vegetables. We will also explore, cold and warm season crops, gardening in small spaces and intensive planting to maximize your harvest.

Free, pre-registration is required at [pickering.ca/earthmonth](http://pickering.ca/earthmonth)
